

# Draka EHC now offers Victaulic®, the originator *and* quality standard in hydraulic coupling technology

Draka EHC is now an authorized distributor for Victaulic, the leader in grooved pipe coupling. An industry standard since its founding in 1919, Victaulic is THE name in hydraulic connection components.

The Victaulic coupling is a simple and proven system for joining pipes together. Victaulic now holds over 2,000 patents, and adds about 100 every year.

Draka EHC is a stocking distributor for Victaulic. All popular items, such as flexible couplings (including the QuickVic coupling), Elbows, T-fittings, and the Extended 90° fittings, are on-hand for immediate delivery.

Adding Victaulic to our product offerings is another way of continuing our leadership in supplying you with the products you need to make your job easier.
