

DrakaEHC believes in generating prosperity for all stakeholders by creating products and delivering services for the lift industry that are a reflection of excellence, caring for its employee's health and welfare and contributing to making the world a better place. We are committed to meeting mutually agreed customer expectations for value, product and service quality, on time delivery and environmental and health and safety performance. We will comply with applicable quality, environmental and health and safety regulatory requirements. We are committed to the continual improvement of the Integrated Management System through consultation and participation of all personnel.

The integrated quality, health and safety and environmental policy is:

- 1) A commitment to comply with requirements; prevent pollution and protect the environment; provide safe and healthy working conditions by eliminating hazards and reducing risks to prevent work related injury or illness;
- 2) A commitment to continually improve quality, health and safety and environmental performance and the effectiveness of the Integrated Management System **through consultation and participation of all personnel;**
- 3) Appropriate to the purpose, **role** and context of **DrakaEHC** and supports its strategic direction;
- 4) Communicated, implemented and maintained at all levels of **DrakaEHC and is available to interested parties;**
- 5) Conforming with both statutory and regulatory requirements and with mutually agreed quality and environmental requirements of customers, suppliers and other interested parties;
- 6) A framework for setting Integrated Management System objectives;
- 7) Reviewed for continued suitability.
