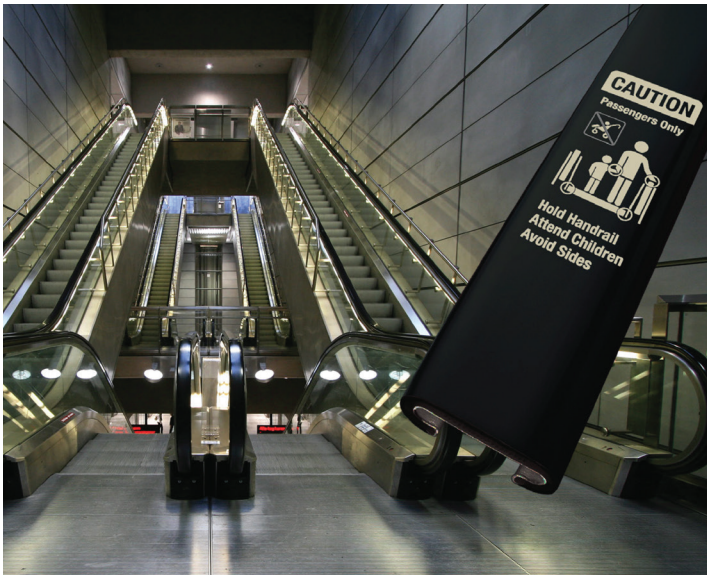
NT™ Recyclable Handrails

Unrivaled new technology with energy-efficient construction

Thermoplastic polyurethane (TPU) handrails provide diverse solutions for all of your custom requirements. Also, NT is available in any custom colour or with antimicrobial protection.



WORLD'S MOST POPULAR ESCALATOR HANDRAIL

NT combines unique aesthetics, durability and ease of installation while being kind to the environment.

ENGINEERED FOR PERFORMANCE

NT is straighter than other handrails and requires less energy to travel through escalator drive systems - making it the most energy efficient escalator handrail available. Smooth tracking ensures optimum alignment and operation of all handrail drive components.

Manufactured in an ISO14001 facility, NT has been engineered to meet environmental standards.

FEATURES

- Smooth tracking ensures longer operational life of all handrail & drive components
- Easy to clean - no harsh solvents required
- Superior vandalism resistance
- Recyclable
